OREGON GROWN—BETTER BLOOMING GLADIOLUS BULBS

1933 PRICE LIST

NEW AND STANDARD VARIETIES OF REAL MERIT—NEW INTRODUCTIONS

WESTMORELAND GARDENS

1374 EAST TWENTIETH STREET

PORTLAND, OREGON

All stock offered and sent out is true to name, clean, and free from disease, carefully inspected, and any bulbs not proving true to name, or faulty in any way, will be gladly replaced. No thrips.

Orders of \$2.00 or over sent prepaid anywhere in the United States. On orders less than \$2.00 add 25 cents for packing and postage.

Orders of \$10.00 and over can be sent by express at any time, others as weather permits.

TERMS: Cash with order. All orders accepted subject to prior sale.

50 BULBS FREE

To new customers, we will give 50 bulbs free, with orders over \$2.00. Bulbs will all be named varieties, labeled, blooming size, and generally of the kinds you order, although we always send extras of a few varieties we think you will like. If you already have many varieties, and wish to select some you prefer, as extras, we will send them if we have sufficient stock. However, the amount of order governs the value of extras sent.

On orders over \$5.00 we will also include two bulbs of CERISA, a new striking color, in addition to the 50 free bulbs and discounts offered below.

Our old customers may also take advantage of this offer by sending order in before April 15th.

DISCOUNTS AND WHOLESALE PRICES

On orders over \$5.00 you may select extra bulbs or bulblets to the value of 10% of your order; over \$10.00, 20%; over \$20.00, 30%; over \$35.00, 40%; over \$50.00, 50%. These discounts do not apply on special assortments or mixtures, which are priced according to amounts ordered.

Our liberal discounts are adjusted to give the larger buyers wholesale prices, instead of issuing a separate list. Our prices per 100 and 1000 are as low as can be made, considering the discounts given, and that we send prepaid. Practically all wholesale lists issued are priced F. O. B.; you pay shipping charges, collection fee, etc.

You may order 25 at the 100 rate, 250 at the 1000 rate, and if you wish to order smaller amounts of some varieties, you can do so, and get the discount according to the total amount of your order.

BEFORE MARCH 1st

Send us names and addresses of friends interested in Glads. For every such new customer sending an order of \$2.00 or more, we will send you FREE a package of bulbs worth \$1.00 or more. Write names and addresses plainly, and send immediately, so we can send them our price list.

BULBS OF QUALITY

Our crop of bulbs is the finest we have ever grown; large, clean, high-crowned, and properly cured to grow the best spikes of bloom. Not a thrip in a carload.

All varieties listed have been thoroughly tested, and are the best of their color. As it is impossible to grow all varieties, we discard a few each year to make room for newer and better ones. If you desire any we listed last year, and do not find them in our list, write us early; we may be able to supply them, as we are retaining several varieties to plant early for cut flowers.

LARGE bulbs are 1 1/4 inches and up to 3 inches diameter, and are generally considered best for exhibition purposes, producing the best flowers on longest spikes.

MEDIUM size bulbs, 3/4 inch to 1 1/4 inches, give a very satisfactory spike, with florets usually as large as from larger bulbs.

SMALL bulbs, 3/8 inch to 3/4 inch, are planted for increase rather than blooms, but if not planted too late, most varieties will bloom.

Three or more bulbs sold at the dozen rate; 25 at the 100 rate; 250 at the 1000 rate.

NAMES FOR NEW GLADS

Would you like to suggest names for new varieties? We will send you at least \$2.00 worth of bulbs for each name you suggest that we select and use as the name of any new seedling. Naturally, it must be a name not already listed, and one we have not received previously. Short names preferred, such as Lorice, Rose Ash, Superba.

BULBS AT LESS THAN 1/10 PRICE OF LARGE BULBS

These are the smallest size (No. 7 bulbs) under $\frac{3}{8}$ inch. Plant about two inches deep. They start growing soon as planted, and will produce near 100% crop of larger bulbs than from bulblets, which sometimes require a month or two to sprout, and they produce an average of only 30% to 70%.

You will get some blooms from these small bulbs, but spikes will be short.

OUR CUSTOMERS SPEAK UP

"I am pleased to advise that my order of Glad bulbs were received O. K., and I wish to thank you for your prompt handling and generous treatment."—W. J. G., Maryland.

"Your bulbs last year were by far the nicest we ever had, and have had Glads in our garden for years."—Mrs. R. B., Ohio.

"I've never enjoyed any flowers as I did the Glads from you this year. They were wonderful, and the largest and most flowers to the spike that I've ever grown. One Douglas had 26 flowers and buds on one spike. I never miss an opportunity to tell my friends where I got my bulbs and how inexpensive they were."—Mrs. J. B., Oklahoma. Our printers said STOP. No space for any more.

Our policy of very liberal overcount and many extras, sent on orders over \$3.00 the past two years, has been a pleasant surprise to our customers upon opening their packages, some claiming they received twice as many bulbs as ordered.

This policy will be continued indefinitely, as we have never received one vote against it.

Quotations on special lots you may want furnished on request.

Our stock of several best varieties limited. Order early to avoid disappointment.

We cannot guarantee results, as growing conditions are beyond our control, but we send complete cultural directions with each order, which should enable anyone to have a wonderful garden of color.

All orders filled promptly and generously. Extras on all orders over \$2.00.
